

GOLDSTER★

Tulip Origami

Step-by-step guide

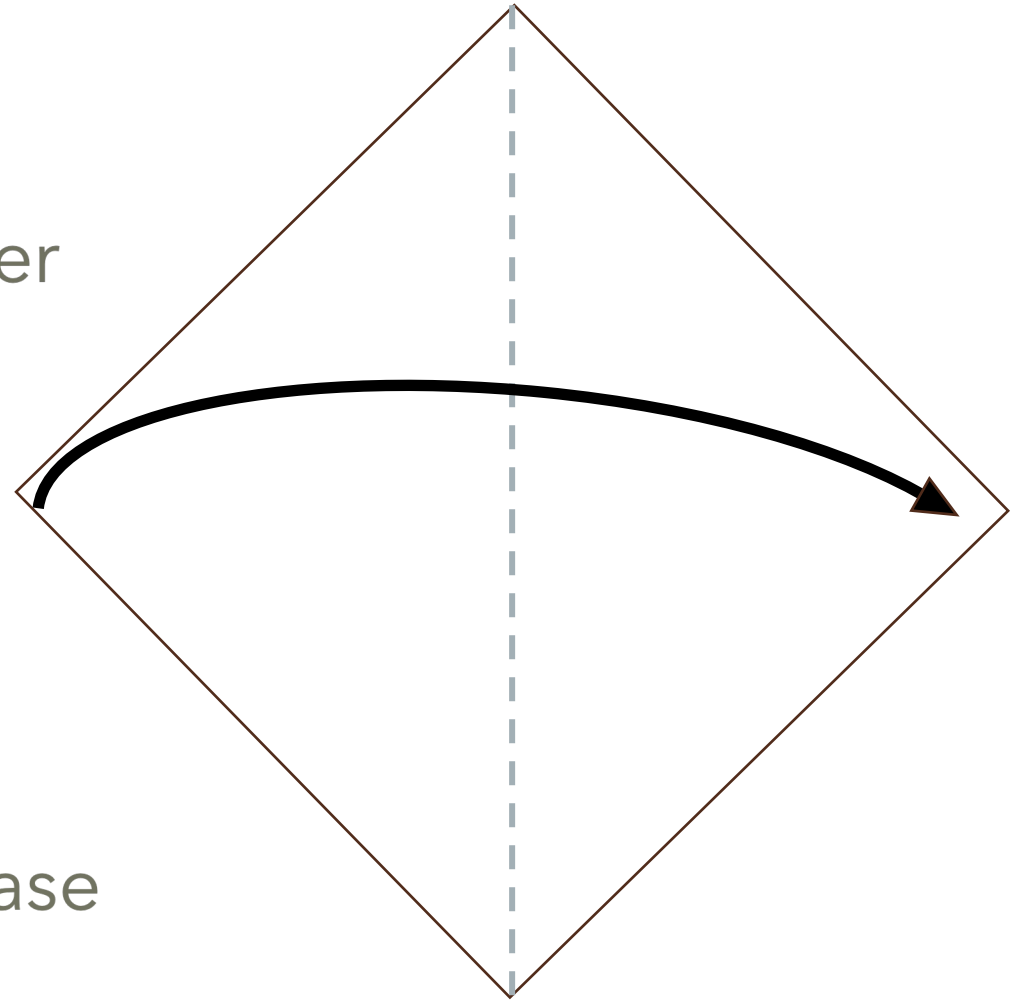

The Stalk

Step 1

We start with the back of the paper

Fold square into a triangle

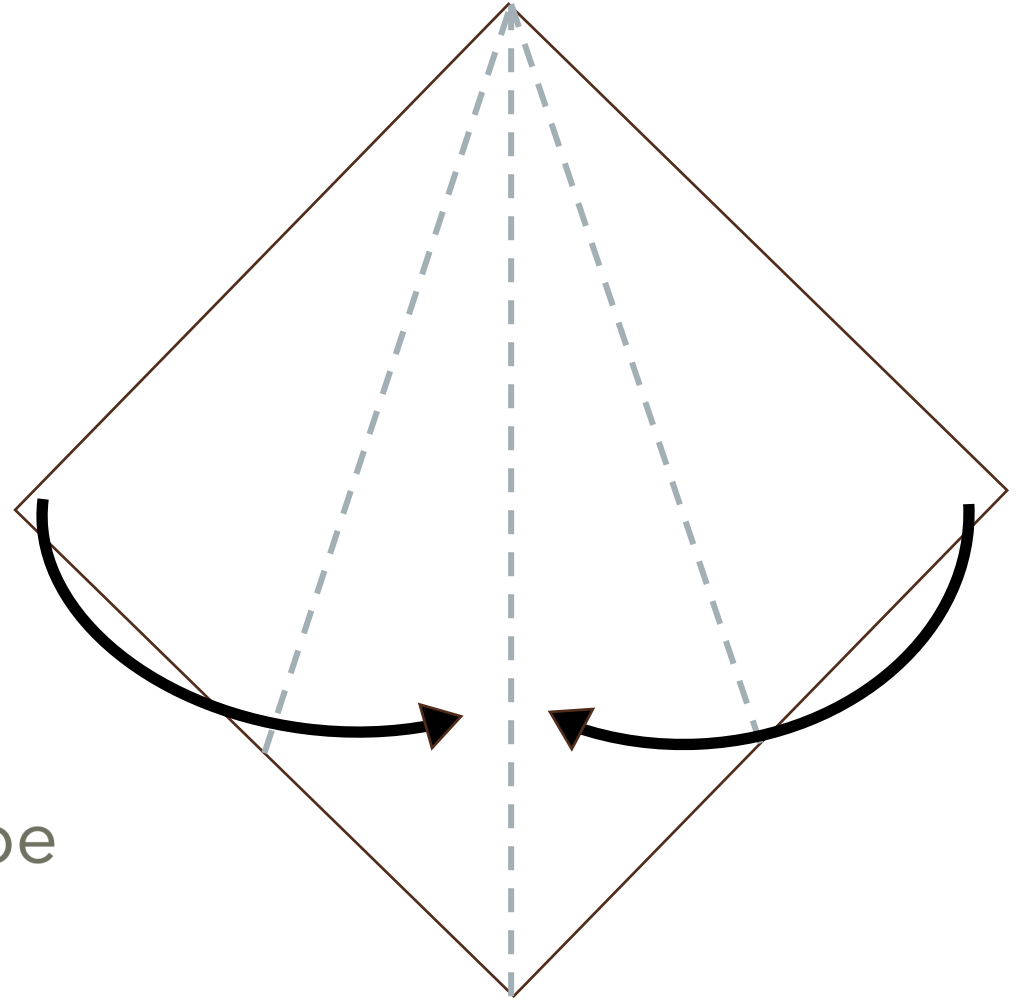

Unfold the triangle to make a crease

The Stalk

Step 2

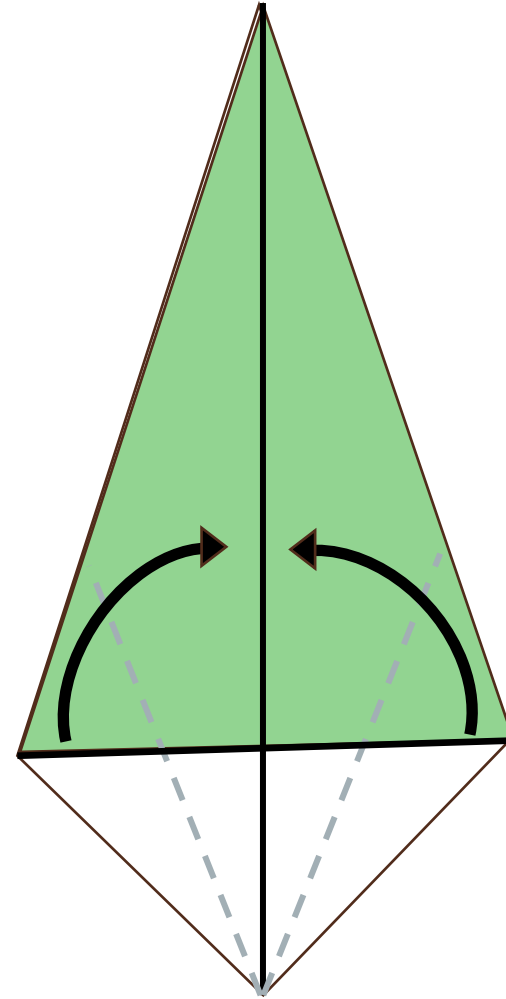

- Fold the two corners in to form an upside-down corn shape

The Stalk

Step 3

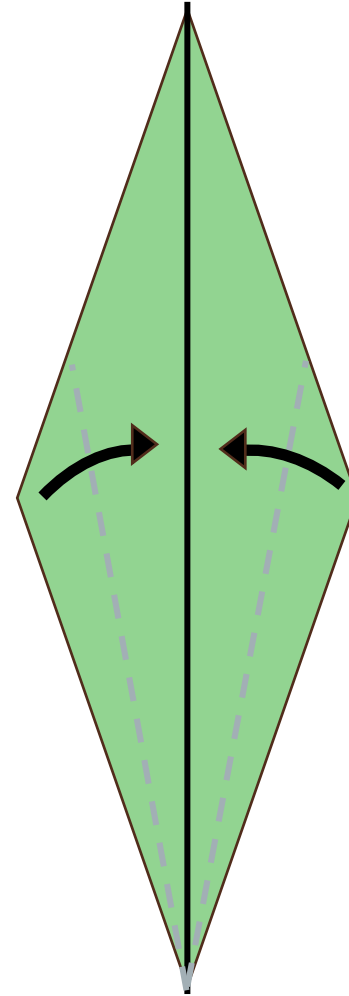

- Fold the two bottom edges to the centre.

The Stalk

Step 4

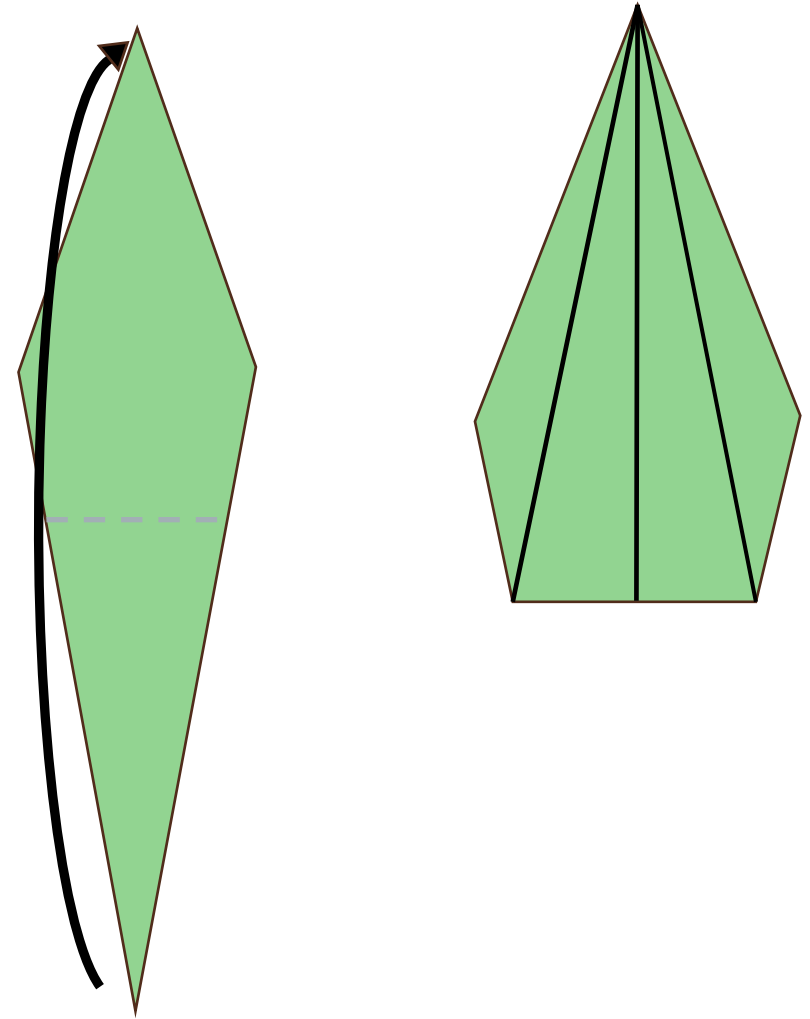

Fold the two bottom edges to the centre again
To make it even thinner.

The Stalk

Step 5

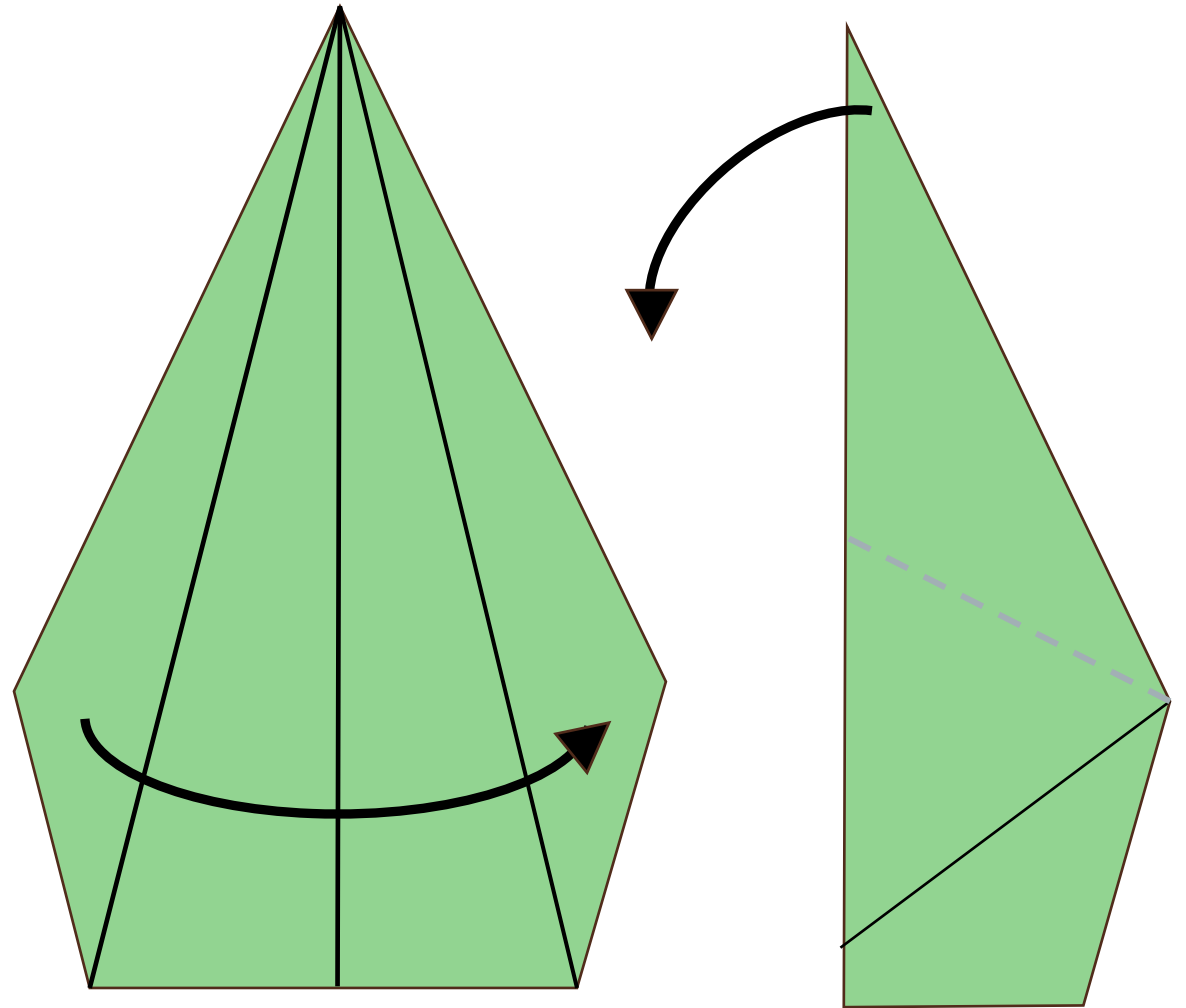

Turnover the stalk
fold it in half from bottom to top

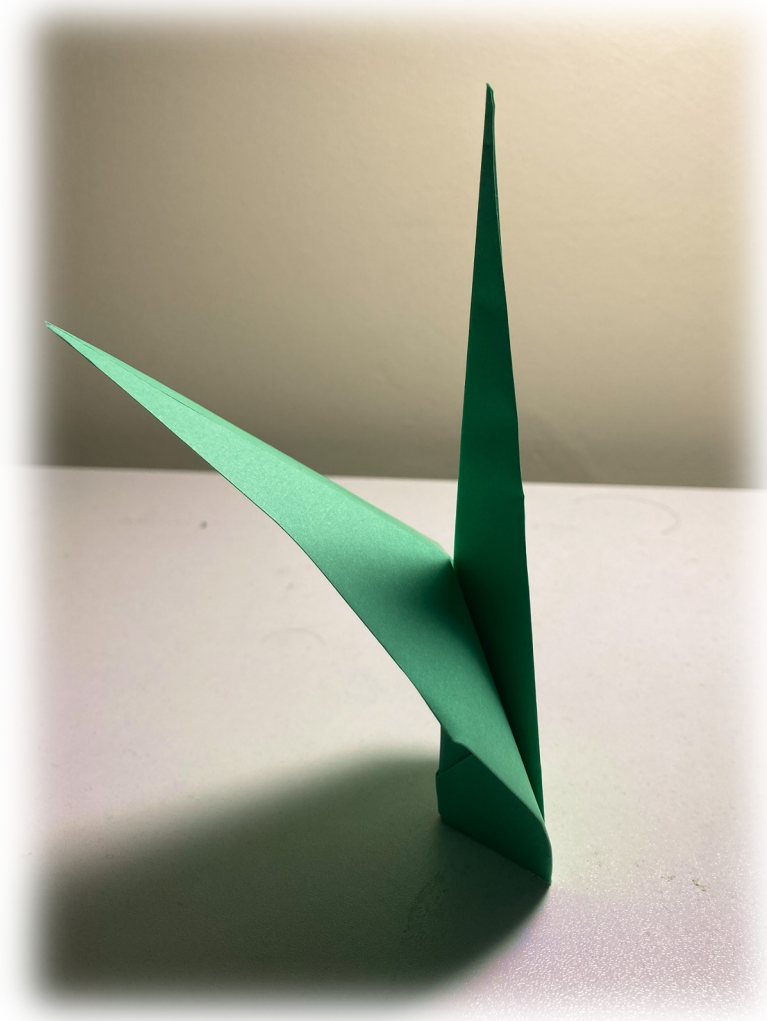

The Stalk

Step 6

Fold across while peeling the back leaf open carefully.

The Tulip

Step 1

We start with the back of the paper

Fold square into a triangle

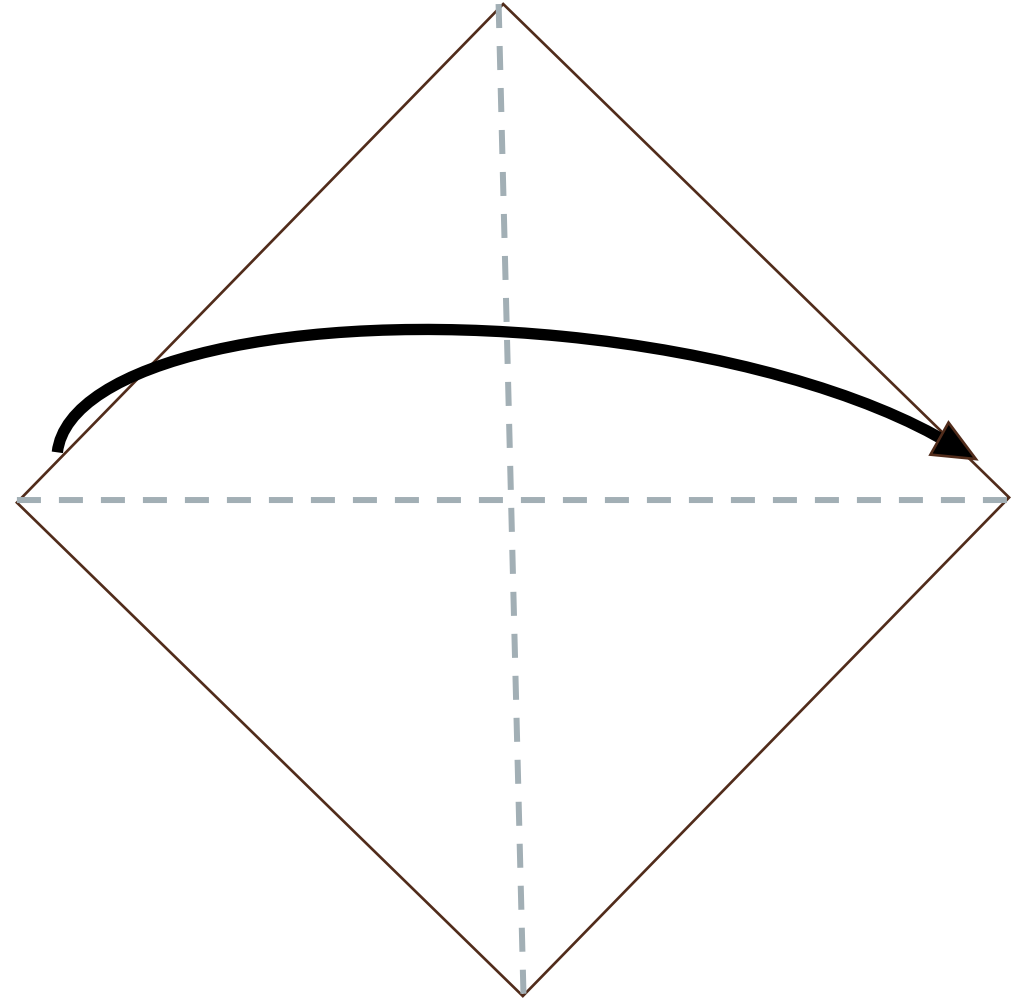

Unfold the triangle to make a crease

The Tulip

Step 2

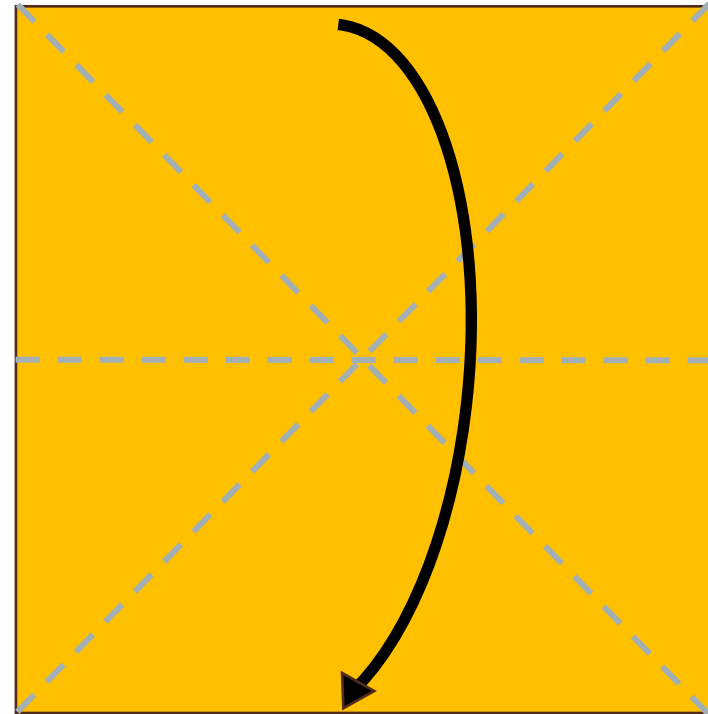

Fold across and then unfold
to make another crease

The Tulip

Step 3

- Turn the paper over
- Fold the square into a rectangle and then unfold to make a horizontal crease

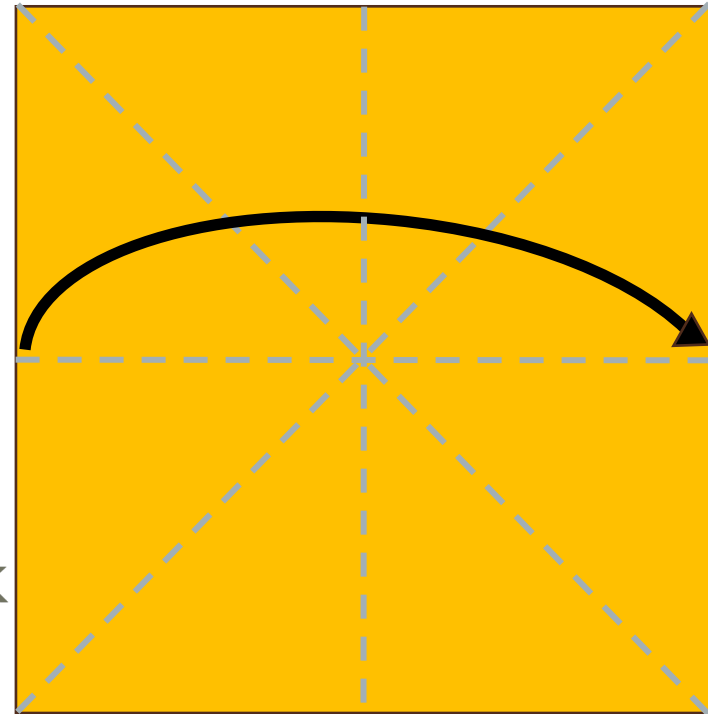

The Tulip

Step 4

Fold across to make another Rectangle. Then unfold.

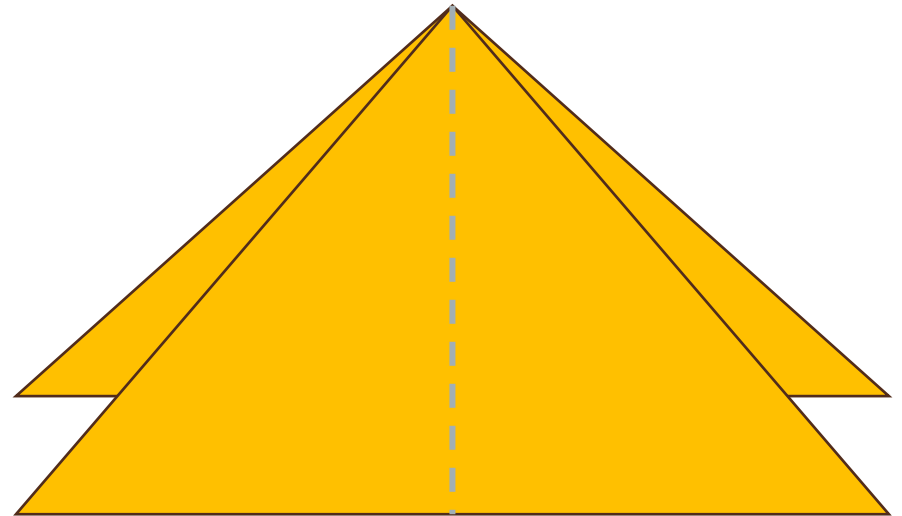

So the creases look like a Union Jack

The Tulip

Step 5

- Use the crease to help you fold the paper into a pyramid shape, triangle.

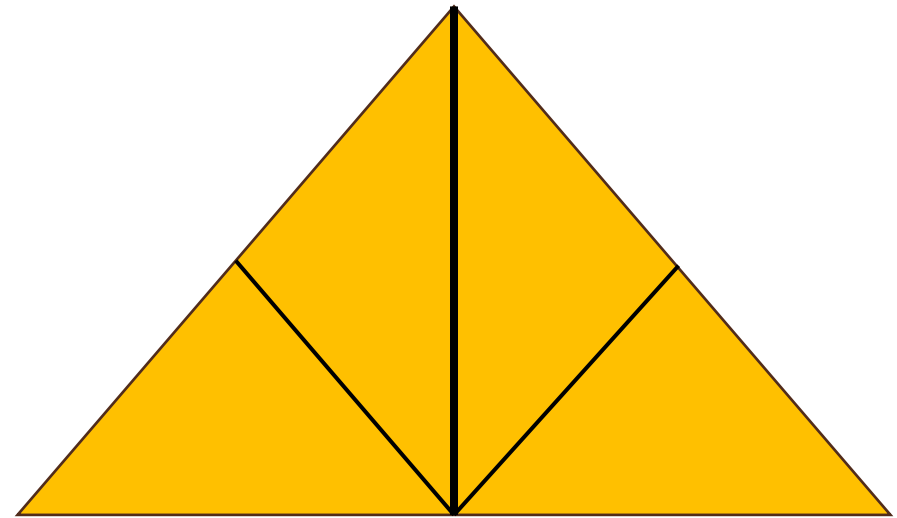

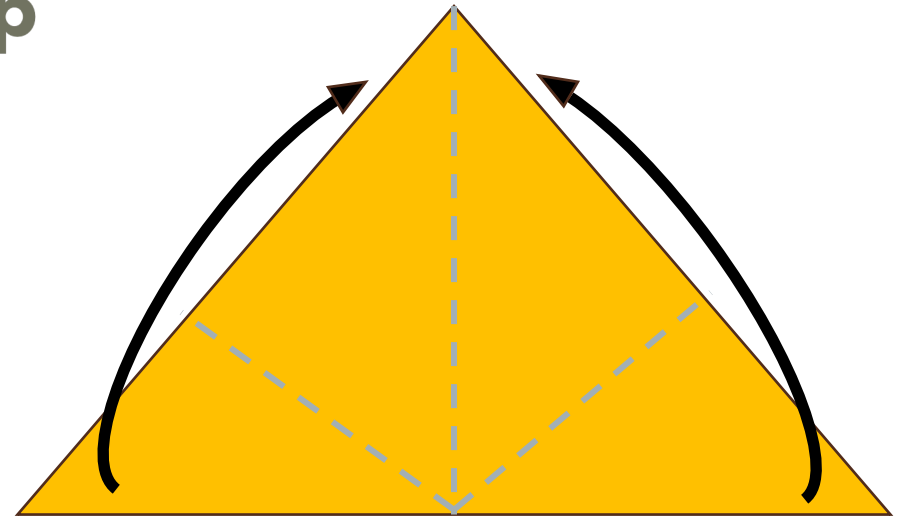

The Tulip

Step 6

Lay the triangle flat

Fold the two front wings up.

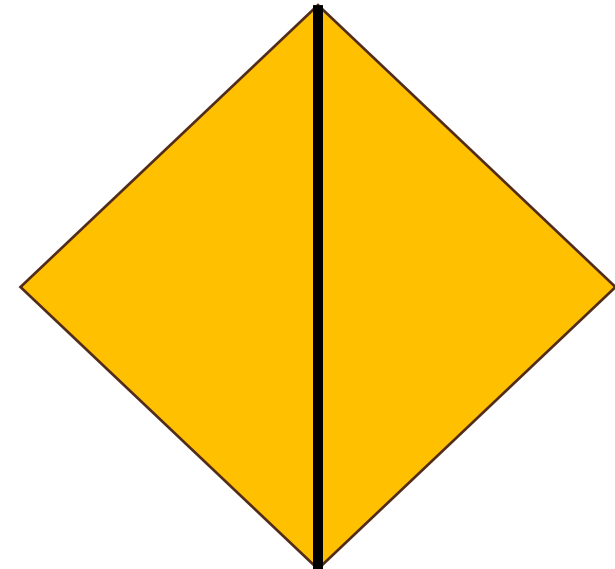

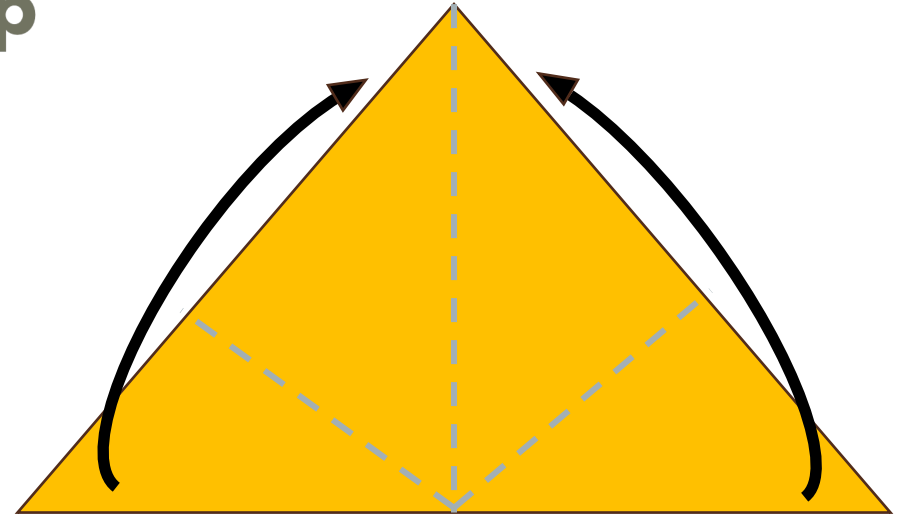

The Tulip

Step 7

Flip the triangle over

Fold the remaining two wings up
Just like the other side.

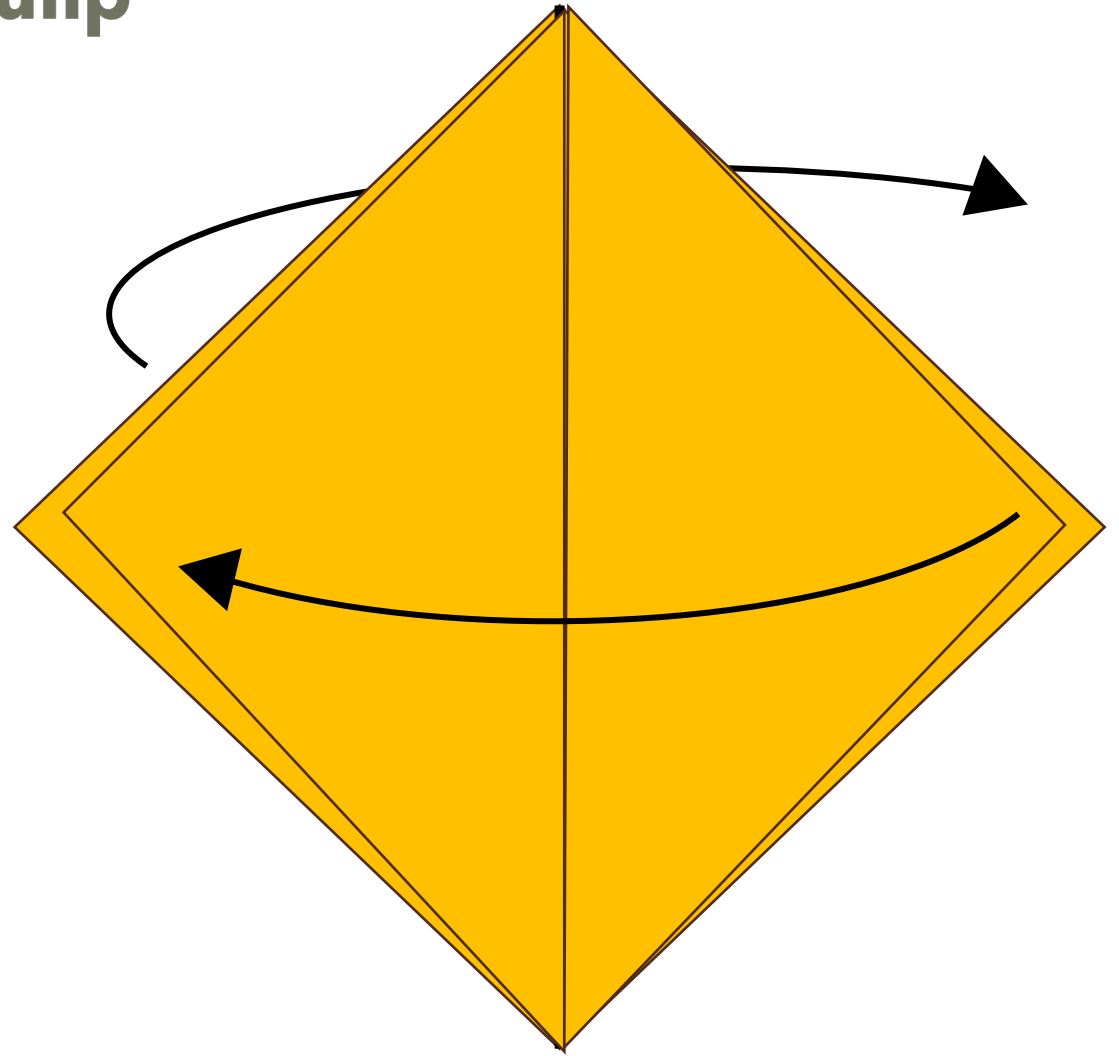

The Tulip

Step 8

Flip one of the now sideways triangles over,
like turning a page in a book

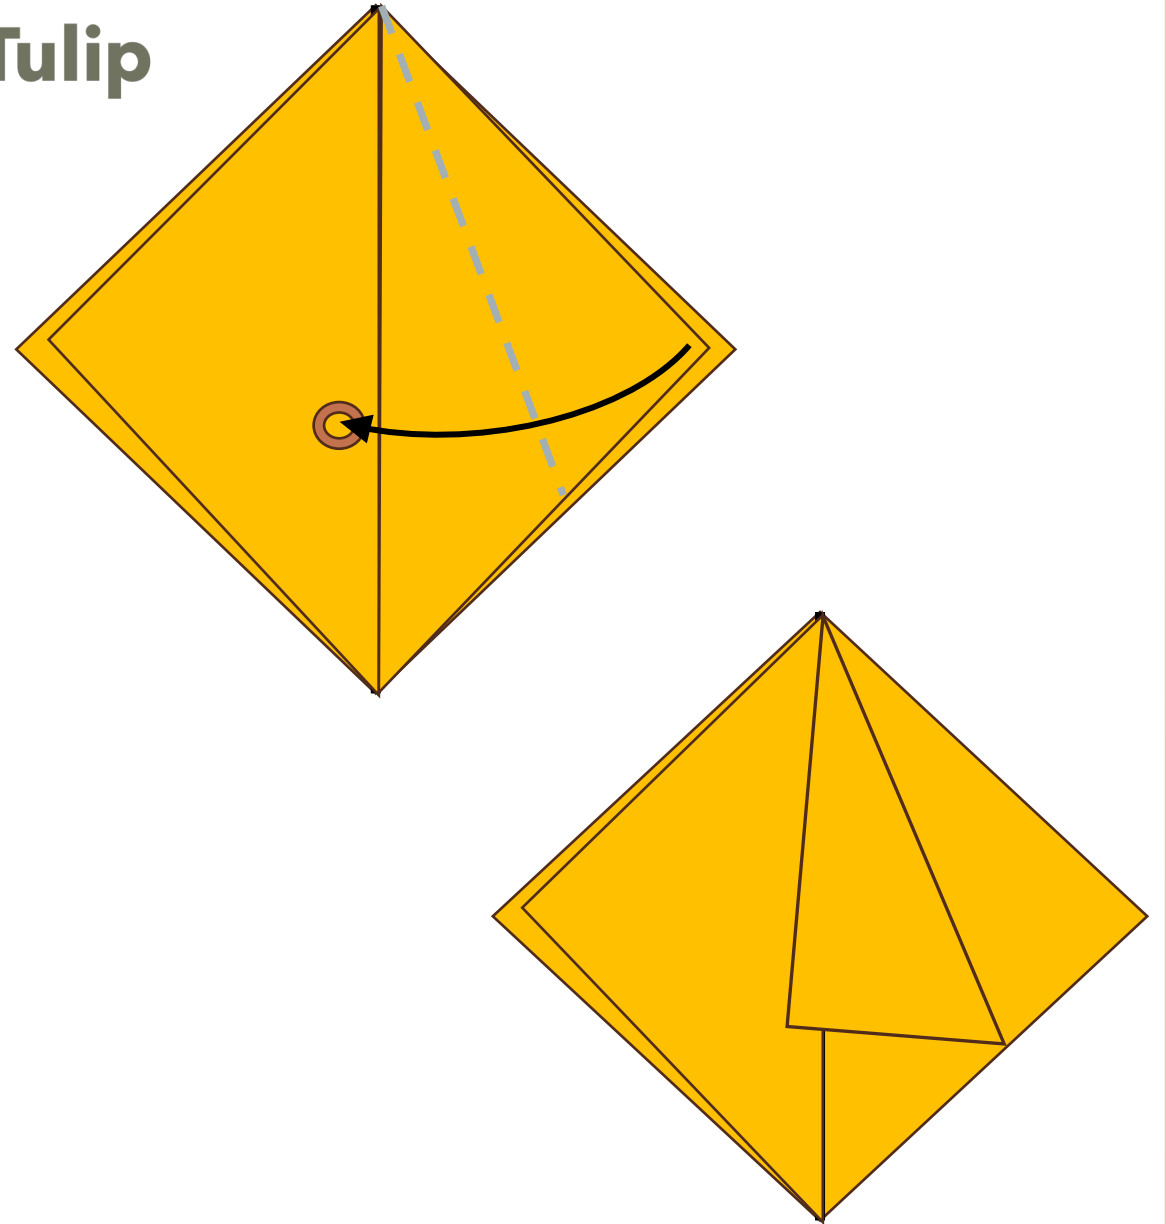

Do the same with the back

The Tulip

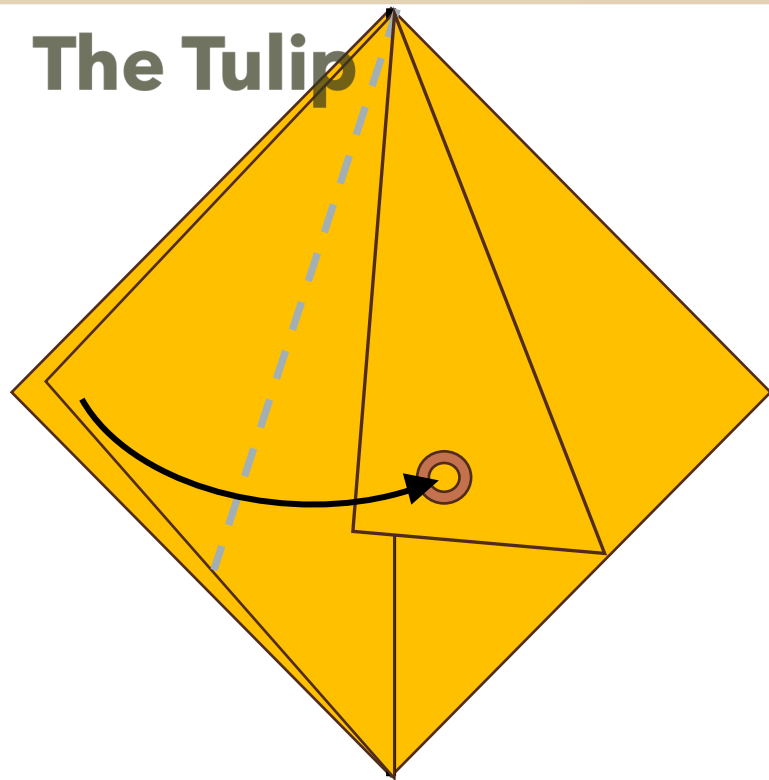

Step 9

Halve the triangle, bring the tip just over the centre line.

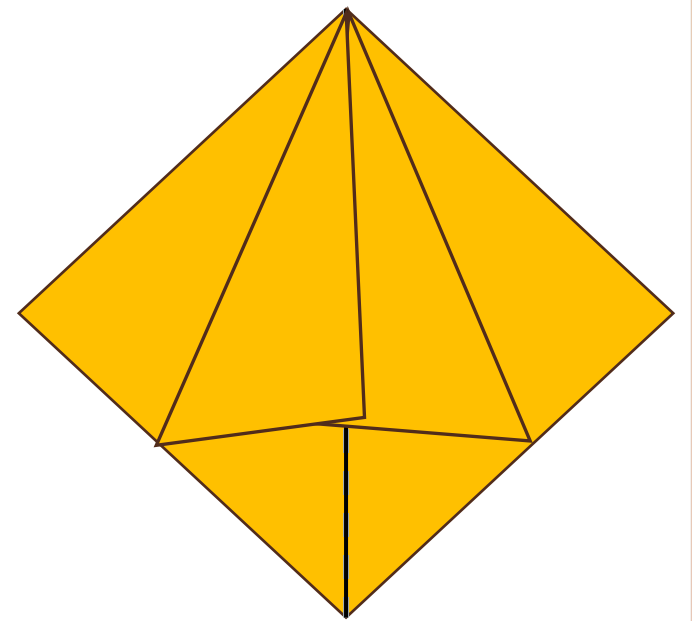

The Tulip

Step 10

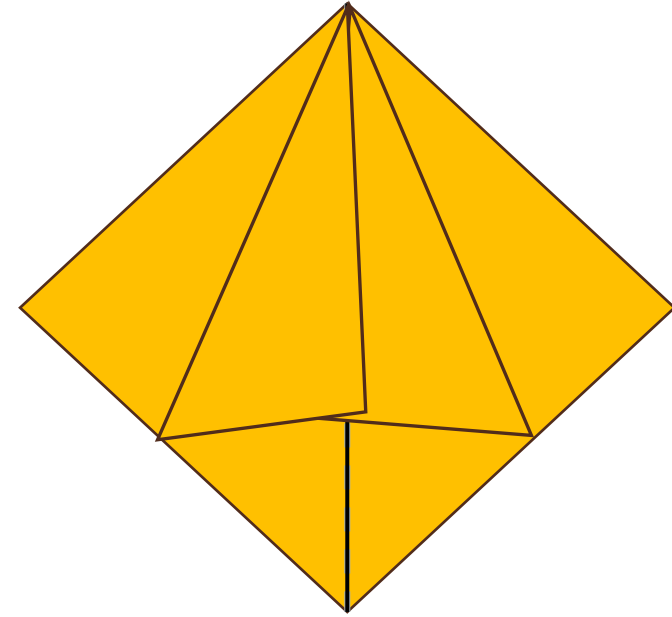

Do the same to the other side,
Fold it just across the centre line.

The Tulip

Step 11

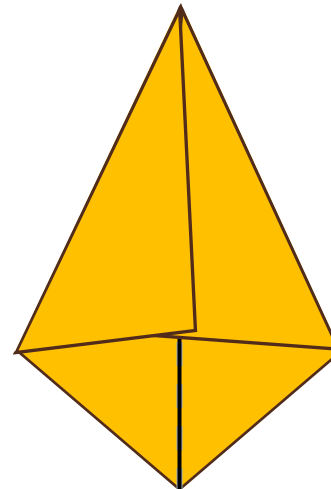

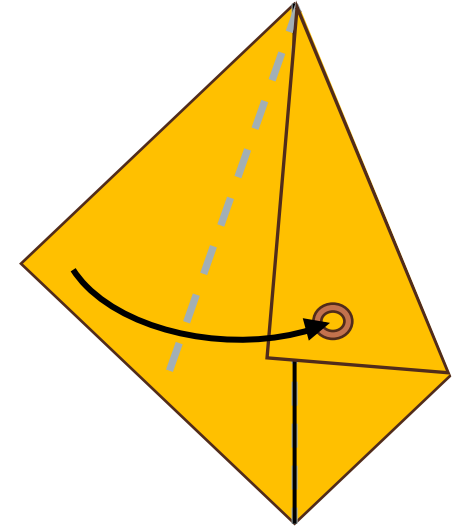

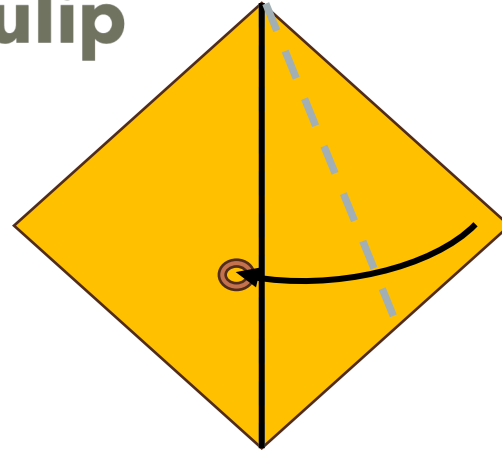

Tuck the first wing **inside** the second wing

Step 12

Flip over the paper and repeat step 9,10 and 11 to the other side.

The Tulip

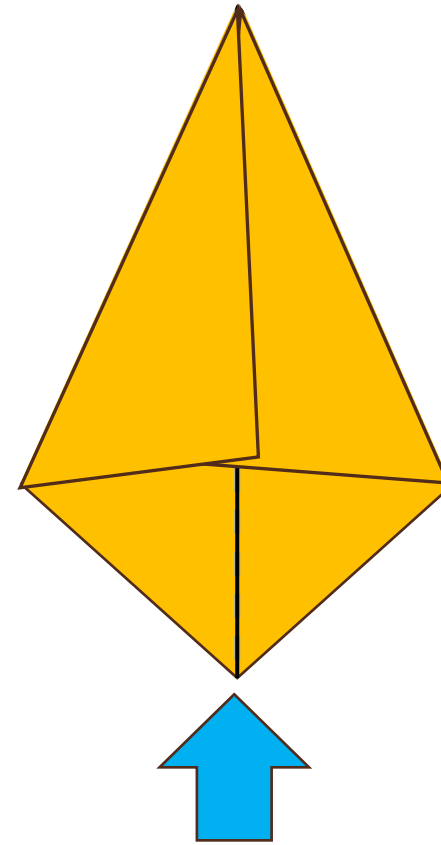

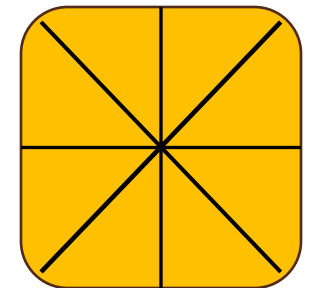

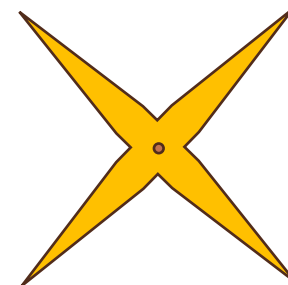

The Tulip

Step 13

Open up the 4 sides

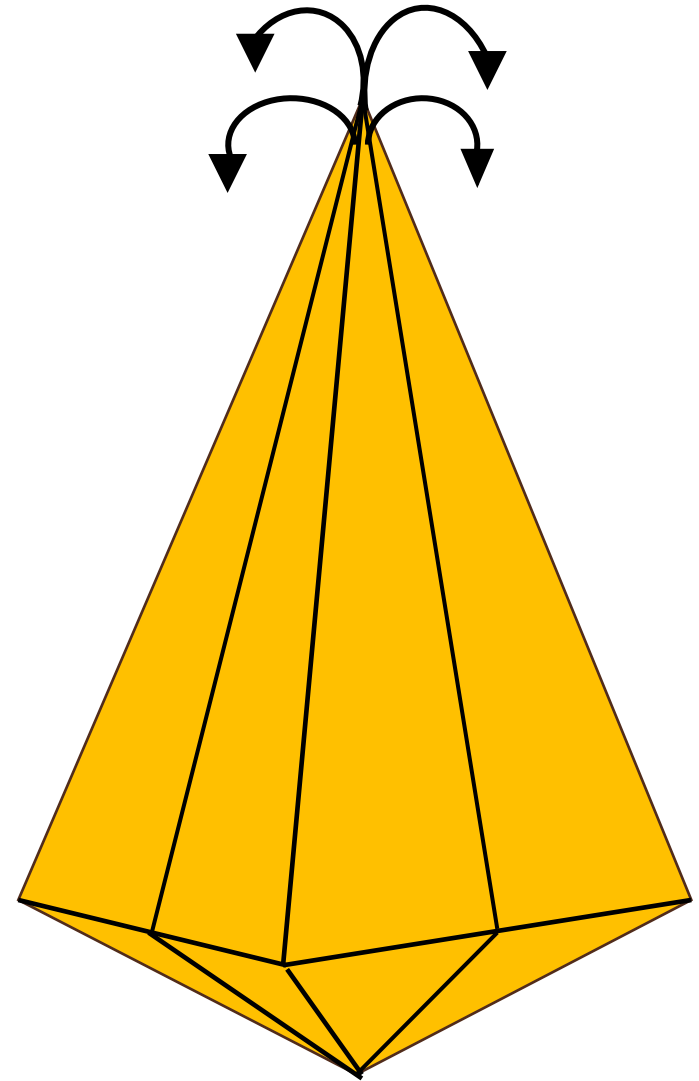

Put the fat side of the shape to your mouth and blow into it

The Tulip

Step 13

Peel the top four triangles so they become the four petals.

The Tulip Head

Putting the two together
