

# Watercolour

**16th December 2024**

## **Areas of Focus**

In the coming weeks we will be examining aspects of visual art, it's practice, theory, inspiration and how we can utilise our Goldster exercises in our development as artists.

Whether for you its a much needed hobby, a passion, serious pass-time, a challenge for our brains, or even a secondary career path...how can we utilize what we are creating with Goldster to push our creativity to new depths?

The Watercolour experience should be about developing skills as artists. So far we have focused entirely upon the principles of drawing and painting.
