

Leave a Light On

Song by Belinda Carlisle

Take my hand
Tell me what you're feeling
Understand
This is just the beginning

Although I have to go
It makes me feel like crying
I don't know when I'll see you again

Darling, leave a light on for me
I'll be there before you close the door
To give you all the love that you need

Darling, leave a light on for me
'Cause when the world takes me away
You are still the air that I breathe

I can't explain, I don't know
Just how far I have to go
But darling I'll keep the key
Just leave the light on for me

Yes, I know
What I'm asking is crazy
You could go
Just get tired of waiting

But if I lose your love (lose your love)
Torn out by my desire
That would be the one regret of my life

Darling leave a light on for me
I'll be there before you close the door
To give you all the love that you need

Darling leave a light on for me
'Cause when the world takes me away
You are still the air that I breathe

I can't explain, I don't know
Just how far I have to go
But darling I'll keep the key
Just leave a light on for me

Just like a spark lights up the dark
Baby that's your heart
Baby that's your heart
Baby that's your heart

Darling leave a light on for me
I'll be there before you close the door
To give you all the love that you need

Darling leave a light on for me (darling leave a light on)
'Cause when the world takes me away
You are still the air that I breathe

Darling leave a light on for me (darling leave a light on)
I'll be there before you close the door
I'll be all the love that you need

Darling leave a light on for me (darling leave a light on)
'Cause when the world takes me away
You are still the air that I breathe

Darling leave a light on for me (darling leave a light on)
I'll be there before you close the door
To give you all the love that you need
