STYLE COACHING

Are you hoping to take a new direction in life? A new job perhaps, or a new relationship, or branching out with a new social life?

Feeling confident whatever you are doing is critical. Wearing the right clothes makes you stand tall and feel ready to take on the world, however wearing the wrong clothes makes you want to hide and shrink away.

As a style coach it's my job to help you find that inner confidence through your clothes. Wearing the right clothes that suit you and make the most of your shape has a real impact on everything in your life, from relationships to job

OUR METHOD

WHAT IS GOLDSTER?

Goldster is a digital platform that has pioneered the only systematic non-drug approach to health.

Built from all the available evidence and extensive data sets, it combines social interventions designed to target the physical, emotional and cognitive benefits people seek for their health.

A STRUCTURED WELLNESS INTERVENTION PATHWAY

The programme is driven by Goldster's own Structured Wellness Intervention Pathway (SWIP).

We identify the most appropriate non-drug healthy living and ageing approaches to benefit people.

Our method links common problems faced with ageing and connects them to the most effective approaches, enabling a simple and accessible way to improve the desired area of health.

"The path is made by walking on it"

THE COURSE

If you have clothes gathering dust in your wardrobe, but you still can't let them go, it's time for a Spring clean!

In this 6-week course, you will learn about why you are holding onto items longer than you need to and how you can make confident decisions in letting them go.

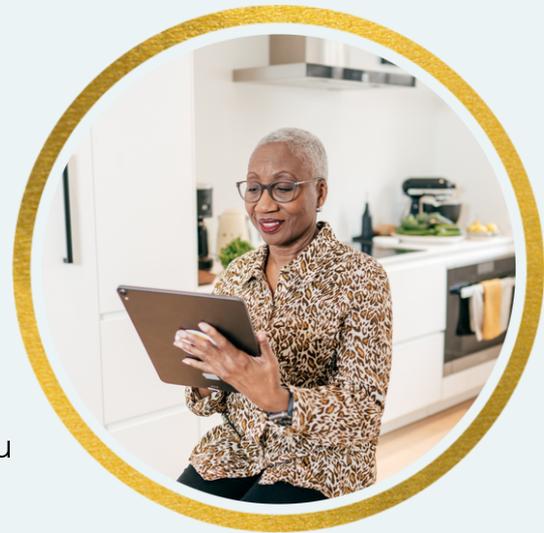

You will also learn how to create a dressing environment that brings you joy so that you can feel excited about clothes and style again.

A CONNECTED COMMUNITY

While we live in a digital world, keeping social and connected is one of the most significant aspects of a healthy life.

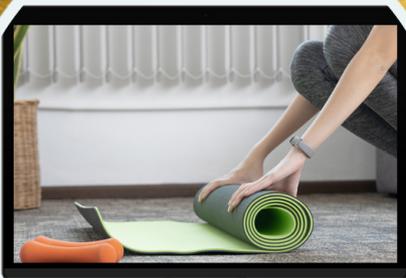

We want to give you many options to communicate and be as social as possible through this journey.

- The presenter will greet you in every class as a group. We want to celebrate your commitment and keep you motivated
- You will meet your instructors and other members at the start, enabling you to build rapport and friendships.

EVIDENCE-BASED, LIVE INTERACTIVE CLASSES

- Weekly coaching supports your journey and enables your advancement linked to evidence-based classes
- Don't worry about missing the coaching; you can catch up on the recording.

"When we do it together, we feel better together"

THE COURSE

GET THE MOST FROM GOLDSTER

The key to any improvement in health is doing more than one singular activity. We always encourage the use of a multi-component approach to maximise the benefits of the Goldster platform

- Engage and stimulate the physical, emotional and cognitive aspects of your health
- Participate in the forums and group as often as possible to extract as much information as possible
- Your feedback to the coach on how you are doing will enable them the ability to adjust the course to need specifically to you

LEARNING IS PART OF THE JOURNEY

Understanding our health can help us prevent health problems and manage issues better when they arise.

Not all of us are familiar with medical terms or how our bodies work. We have to interpret statistics and evaluate risks and benefits that affect our health and safety. Let our research team put all those myths to bed and share our latest research with you.

"Learning is a journey of self discovery"
