Art for the Health of it!

Expressions Class.

This week we will be using the themes explored in the Emotional Health Class and using the topics covered to inspire an abstract/ figurative artwork. The topics covered will be 'Emotional Granularity'. It is recommended that participants join the 'Emotional Health Class' to get a 'heads-up' about this fascinating subject matter. We will use the relationships of 'art-language' to brainstorm ideas into a painting via concepts of colour and symbolism and the power of text and symbols to convey emotional connections and responses.
